

## Weebernet Web Design Company Terms and Conditions

Last Updated: Rev 01, June 29, 2010

If you are not sure what services you will need, please do not send any payment until we have completed an initial consultation. Refunds are limited to certain instances as explained below.

### Authorization

The named client is engaging Weebernet Web Design, as an independent contractor for the specific web design project of developing and/or improving a web site, hereinafter referred to as "web design project" which may be installed on the client's account on an Internet Service Provider (ISP) / Web Presence Provider (WPP) computer, hereinafter refer to as "Hosting Service" if required to perform services. If required to perform services the client hereby authorizes Weebernet Web Design to access this account and authorizes the Hosting Service to provide Weebernet Web Design with "full access" to the client's account and any other programs needed for this web design project that are included as part of the client's service agreement/level.

### Acceptable Use

An acceptable use policy is part of these terms and conditions of hosting any information associated with the domain name. This is necessary because the proliferation of abusive electronic mail and practices generated by a minority of the Internet users can interrupt services. The exhibit with the description of the acceptable use policy is posted on our website and the exhibit is part of these terms and conditions.

### Copyright and Trademarks

The client unconditionally guarantees that any elements of text, graphics, photos, designs, trademarks, or other artwork furnished to Weebernet Web Design for inclusion in the web design project are owned by the client, or that the client has permission from the rightful owner to use each of these elements, and will hold harmless, protect and defend Weebernet Web Design and its subcontractors from any claim or suit arising from the use of such elements furnished by the client.

### Web Site Maintenance

This agreement allows for minor web site maintenance to pages over a 1-month period, up to an average of one half hour per regular web site, including updating lines and making minor changes to a sentence or paragraph. It does not include updating or replacing nearly all the text from a page with new text, major page reconstruction, new pages, guest books, discussion webs, navigation structure changes, attempted updates by client repairs or web design projects delivered to the client via diskette. The period of 1 month begins on the date the clients web design site has been published to client's hosting service or 30 days from the date this agreement was signed, which ever comes first. If the client's web design package includes database access using Server Side Script, then very minor page code changes will be accepted under this maintenance plan. Major page code and/or database structural changes will be charged at current hourly rates.

### Completion Date

Weebernet Web Design and the client must work together to complete the web design project in a timely manner. We agree to work expeditiously to complete the web design project no later than 45 days after the client has submitted all necessary materials. If the client does not supply Weebernet Web Design with complete text and graphic content for this web design project within 60 days of the date this agreement was signed, the entire amount of the agreement becomes due and payable. If the client still has not submitted all the required contents within 90 days after signing this agreement, an additional continuation fee of 15% of the total agreement price will be assessed for each month until the web design project is published or the client cancels the web design project in writing.

### Project Delivery

The web site design project delivery shall be completed upon receipt of the payment associated with delivery. Delivery may be accomplished by publishing, electronic transfer, or physical media. The client understands that Weebernet Web Design may not be providing any hosting services in connection with this web design project. Hosting services may require a separate contract. The client will be solely responsible for all hosting service charges. The client assumes all responsibility for the use and functionality of the web design project.

### Publishing

If the Project Delivery includes publishing, Weebernet Web Design will make a good faith effort to accommodate client's requested method of publishing. In the event Weebernet Web Design is not able to accommodate the request method of publishing the following statements apply. If the hosting service has FrontPage 2000/2003 extensions installed, Weebernet Web Design may use FrontPage 2000/2003 to publish to the site. If the hosting service does not have FrontPage 2000/2003 extensions installed, Weebernet Web Design may use FTP software to publish to the site. If publishing to a hosting service is not feasible the information may be delivered on diskette or CDROM.

### Electronic Commerce Laws

The client agrees that the client is solely responsible for complying with such laws, taxes and tariffs, and will hold harmless, protect, and defend Weebernet Web Design and its subcontractors from any claim, suit, penalty, tax or tariff arising from the client's exercise of Internet electronic commerce.

### Web Design Project Copyright

Original web site content specifically requested by the customer and designed under work for hire shall be the intellectual property of the customer once final payment under this agreement and any additional charges incurred have been paid. Rights to clipart, photos, graphics, source code, work-up files and computer programs that are not specifically requested and designed under work for hire are not transferred to the client, and remain the property of their respective owners. Weebernet Web Design and its subcontractors retain the right to display graphics and other web design elements as examples of their work in their respective portfolios.

### **Payments**

Once we agree to a price of the project, we require 50% to get project job start and 50% when the design phase is complete with signoff by the client. We shall undertake no work until the first deposit payment is received by us and cleared confirmation is confirmed by a designated bank as determined by us. All payments be requested to be payable within 7 days. We reserve the right to remove any web design project from viewing on the Internet until final payment is made.

Once the web design progress proceeds to the analysis phase, the first 20% of total sum are not refundable. Web design price is based upon the website design quote sheet detail that collected at the beginning when the first discussion is proceeding. And the price stated may change if the client wishes to add more web pages, graphics, forms or any other design element that is not stated at the beginning of contract.

In case collection proves necessary, the client agrees to pay all fees incurred by that process. This agreement becomes effective only when signed by an authorized representative Weebernet Web Design. Please pay on time. All payments will be made in MYR (RM) funds unless agreed upon in writing by both parties.
